

What **HALLS OF RESIDENCE**
AND DINING SERVICES offer

www.kam.vutbr.cz

- Good-class accommodation for all foreign students for very reasonable prices
- 100 % high speed internet connection
- A study room, TV room, bicycle room, music room with a piano and a darkroom
- Wide range of dining services
- Broad choice of hot and cold meals, ready-to-order meals, vegetarian meals and desserts in cafeterias and restaurants
- Modern catering system
- Sports facilities like multipurpose fields, quality body building gyms, gymnasiums, pool tables, table tennis equipment and other sports

A GREAT ENGINEERING
EDUCATION AND
A TWENTY-FOUR HOURS
ALIVE CITY.

*I am still wondering how those two can intersect!
There is everything in FME that a student would
wish for his/her today and future.*

Kaan Özgökhan, Turkey

What **CENTRE OF SPORTS**
ACTIVITIES provides

www.cesa.vutbr.cz

- More than 50 specializations at 5 performance levels
- Modern facilities: 2 sports complexes (one of them with 1st class IAAF certification meeting olympic standards), 2 fitness centers and ship yard
- Training of Brno UT sport representation
- Organization of various sports events even on international level

BRNO FACULTY
UNIVERSITY OF MECHANICAL
OF TECHNOLOGY ENGINEERING

FME...

your Future in the Middle of Europe

Faculty of Mechanical Engineering (FME) is a part of Brno University of Technology. FME is situated in **Brno, Czech Republic** (in the "heart of Europe"). With more than 20 % of its population being students of six public universities, Brno is often **called the town of students**.

Brno UT offers high-quality studies in engineering, scientific, economic and artistic fields. With its **24 thousand students**, 8 faculties and 3 university institutes, Brno UT is the Czech **largest technical university**. The University has been awarded the European Commission's prestigious **ECTS and Diploma Supplement Label certificates**.

I LIKED IT SO MUCH THAT I DECIDED TO MAKE AN INTERNSHIP HERE AND ALSO MY MASTER THESIS

I really like Brno. The university life was a very good experience. I only had 4 classes in my first semester but some of them were demanding. It is not like: You come to Brno, chill all the day and get some nice grades... you have to work for it and that is the right way. If you get the opportunity to study at FME... do it!

Danny Doll, Germany

WHY STUDY at the Faculty of Mechanical Engineering

- FME is a modern educational and research institution with long tradition (since 1900)
- FME has 4,300 students and 15 specialized institutes
- FME offers education in mechanical engineering and applied sciences, in both traditional and interdisciplinary areas
- FME graduates have excellent perspectives on the labour market
- FME occupies the leading place among engineering faculties
- FME is evaluated as one of the best performance research institutions in the Czech Republic
- FME has modern and well-equipped laboratories available for student activities
- FME has close cooperation with industrial partners as a faculty priority
- FME students participate in student competitions and projects – Formula Student, Pneumobile, BUT Chicken Wings, etc.

WHY STUDY in the Czech Republic

- A country with a long tradition of quality technical education
- A country with a strong history of mechanical engineering
- A country with a long tradition of quality technical education
- A country among the TOP TEN safest countries in the world
- A country with lower costs of living
- A country of unique historic sites

HOW TO APPLY for studies

Submission of e-application:

- Winter semester or the whole academic year from March 31 to May 31
- Summer semester from September 15 to November 15

Who will HELP YOU

ESN VUT Brno

ESN VUT Brno is a voluntary organization, founded thanks to the desire to help Erasmus students when they come to study at the Brno University of Technology. Everything they do is because they like the idea of the Erasmus exchange programme and because they believe in Erasmus spirit!
